that, pursuant to article 110.03 of the Queen's Regulations and Orders for the Canadian Forces, a superior commander now may award, among other punishments, a fine not exceeding \$200, for an officer or \$150, for a man above the rank of sergeant;

that, while the above cited powers of a superior commander have remained unchanged since 1953, the powers of punishment of a commanding officer in respect of fines have been increased over the years and the latter, under article 108.27 of the Regulations, now may award a fine not exceeding 60 per cent of basic pay for one month which, at current rates of pay, can result in fines ranging from approximately \$150, to \$480, being imposed against offenders in the ranks of sergeant and below;

WHEREAS The De Havilland Aircraft of Canada, Limited entered into a Contract, dated November 23, 1970, with the Ministerio de Aeronautica, Peru for the sale of eight "Twin Otter" aircraft, and appropriate product support, valued at \$4,904,000. plus interest, of \$1,457,550. for a total of \$6,361,550.;

WHEREAS terms of payment call for a down payment to be effected by a trade in of used De Havilland Aircraft during the delivery period valued at \$804,000. and the balance of \$4,100,000. is to be paid in 17 consecutive semi-annual instalments evidenced by Promissory Notes equal as to principal plus interest at 7.9% per annum on the outstanding balance, commencing September 29, 1971;

WHEREAS the seventeen Promissory Notes are to be issued by the Ministerio de Aeronautica and guaranteed by the Banco de la Nacion del Peru, representing the Government of Peru;

WHEREAS The De Havilland Aircraft of Canada, Limited has requested the Export Development Corporation to insure them against risk of loss under the proposed export transaction and to guarantee instruments issued in evidence of the buyer's obligation;

WHEREAS the Board of Directors of Export Development Corporation is of opinion that the proposed contract of insurance and guarantee would impose upon the Corporation a liability for a term and amount in excess of that which the Corporation would normally undertake in relation to that commodity and to that country;

WHEREAS Section 27 of the Export Development Act provides that where the Minister of Industry, Trade and Commerce makes certain reports to the Governor in Council, the Governor in Council may authorize the Corporation to enter into the proposed contract of insurance and the proposed guarantee;

THEREFORE, His Excellency the Governor General in Council pursuant to Section 27 of the Export Development Act, is pleased hereby to authorize Export Development Corporation

- (a) to enter into the proposed Contract of insurance on a 90%-- 10% co-insurance basis, to cover the loss the Exporter may sustain under its Contract entered into on November 23, 1970, for the sale of Eight De Havilland "Twin Otter" Aircraft and appropriate product support, having a total value of \$6,361,550. including interest, to be exported from Canada by The De Havilland Aircraft of Canada, Limited to the Ministerio de Aeronautica, Peru, and

- (b) the maximum liability of Export Development Corporation under the Contract of Insurance shall not exceed \$5,002,000. and under the Guarantee shall not exceed \$5,700,000.

SUBMISSION TO THE GOVERNOR GENERAL IN COUNCIL  
EXPORT DEVELOPMENT ORDER DATED APRIL 28, 1971  
RESPECTING THE SALE OF OTTER AIRCRAFT TO PERU

EXPLANATORY NOTE

1. In July 1970 the Cabinet agreed that a proposed sale of 8 Twin Otter Float Planes valued at approximately \$5,000,000. to Peru is eligible for assistance under Section 27 of the Export Development Act and gave EDC authority to enter into a Contract of Insurance and to issue Guarantees of the Promissory Notes to the Exporters bank. (Cabinet Committee on Economic Policy and Programmes - Cabinet Document - 935-70 - July 22, 1970).
2. The authority sought from Cabinet was necessarily based on estimated values at the time, for the Contract of Sale was still under negotiation by De Havilland.
3. While the amount and terms of the Contract subsequently signed show no significant departures from what was expected, a slight variation in pre-delivery interest charges requires a marginal increase in the maximum contingent liability, i.e. to \$5,700,000. from \$5,500,000. originally approved.
4. It should be noted that it would require an exceptional combination of circumstances to give rise to losses which would result in the maximum payment.

Manager,

WHEREAS the Minister of Agriculture reports  
as follows:

that the Regulations established under the  
Prairie Farm Assistance Act provide that an  
application for assistance by a Municipality  
under section 3 of the Act shall be submitted  
to the Director prior to the fifteenth day of  
September in any year that assistance is applied  
for;

that an application for assistance was completed  
by the Municipality of St. Vital in Manitoba on  
the twenty-eighth day of September, 1970;

that an application for assistance was completed  
by the Municipality of Springfield in Manitoba on  
the twenty-third day of September, 1970;

that both the Municipality of St. Vital and the  
Municipality of Springfield have indicated to the  
Director of the Prairie Farm Assistance Act that  
the delay in filing applications for assistance  
was because of the inability of municipal officials  
to properly assess potential yields of crops in those  
municipalities before September 15th due to unfavourable  
weather conditions which delayed the normal maturing  
and harvest of those crops;

that following receipt of the applications the  
Director of the Prairie Farm Assistance Act ordered  
that field inspections to determine average yields  
of crops be carried out and that as a result of  
those inspections it was found that areas in both  
municipalities would qualify for assistance payments  
under the Act on the basis of yield;

that the municipalities claim to have delayed the  
filing of applications for assistance because of  
conditions brought about by abnormal weather and  
a commendable desire not to involve the Department  
of Agriculture, in costly inspections unless they  
were necessary; and

that some 520 farmers in these municipalities who are in difficult financial circumstances and who would otherwise qualify for assistance payments will be denied such payments because of the municipal applications for assistance being made after September 15th, 1971.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Agriculture, notwithstanding the limitations contained in the Prairie Farm Assistance Regulations, is pleased hereby to authorize the acceptance of the applications received from the Municipality of St. Vital and the Municipality of Springfield for assistance under the Prairie Farm Assistance Act with respect to crops grown in 1970.

## NATIONAL WELFARE GRANTS RULES

1. These Rules may be cited as "The National Welfare Grants Rules".
2. In these Rules:
  - (a) "Minister" means the Minister of National Health and Welfare.
  - (b) "Estimates" means the estimates of the Department of National Health and Welfare.
  - (c) "Welfare Agency" means a provincial welfare department, a municipal welfare department, voluntary welfare service, welfare council or commission, probation or correction service, welfare treatment institution, a Canadian school of social work, or other Canadian institution for professional education in social work, and such other organizations engaged in activities related to welfare and related services as the Minister may designate, and for purposes of research activities, a university, research institution, or other organization approved by the Minister.
  - (d) "National Welfare Grants" means contributions under terms and conditions approved by the Governor-in-Council to provinces, welfare agencies including schools of social work, and to individuals, to support activities of national importance for the improvement of welfare services.
3. National Welfare Grants are available to assist welfare agencies as defined in these Rules in improving social welfare services through demonstration and other projects related to the organization, direction and delivery of social welfare and related services and to the services themselves; through projects designed to develop and extend consultation and coordination services; through projects seeking to deal with emerging social problems and the solutions to them; through projects designed to improve the supply, training and effective utilization of manpower for the social welfare services; through research projects including survey, experimental and other research activities related to welfare problems and welfare administration and through projects designed to develop and extend applied research capability in the social welfare field; and to assist individuals through scholarships and fellowships.

4. To these ends the Minister may approve:

- (a) Welfare Services Grants to provincial departments of welfare in respect of projects for the improvement of welfare administration, the development and extension of consultative, coordinating and planning services, bursaries and training grants for professional study and necessary travel costs in connection therewith at Canadian schools of social work and other Canadian institutions for professional education in social work; bursaries for advanced professional study in social work; staff development grants; and for programs for phocomeliac children born in Canada between January 1, 1961 and January 1, 1963, where the drug thalidomide was associated, on a matching basis in accordance with these Rules.
- (b) Scholarships to Canadian residents for professional studies at Canadian schools of social work and other Canadian institutions for professional education in social work and fellowships for study at Canadian and foreign universities and necessary travel costs in connection therewith.
- (c) Teaching and field instruction grants and planning, organization and development grants on a project basis to Canadian schools of social work and other Canadian institutions for professional education in social work.
- (d) Demonstration and other project grants to welfare agencies as defined in these Rules for developing and improving welfare services and the administration thereof.
- (e) Project grants to national voluntary welfare agencies.
- (f) Project grants for innovative services related to the non-medical use of drugs.
- (g) Fellowships for welfare research not related to candidacy for academic degree.
- (h) Research project grants to welfare agencies as defined in these Rules.
- (i) Research project grants to individuals or to agencies conducting socio-behavioural research related to the non-medical use of drugs.

5. The Minister may reserve out of the amount provided from time to time in the Estimates of the Department of National Health and Welfare for contributions under terms and conditions approved by the Governor-in-Council to provinces, welfare agencies including schools of social work, and to individuals, to support activities of national importance for the improvement of welfare services, such sum or sums as he may deem appropriate for each of the activities referred to in Section 4 above.

6. The Minister in the administration of these Rules and Supplementary thereto and for the utilization of monies provided from time to time for the National Welfare Grants, may prescribe such definitions, standards, terms, conditions and forms as are not inconsistent with these Rules, and shall apply such controls as may be necessary to ensure that in no instance is the payment made in respect of a project approved under these Rules greater than the agreed upon federal contribution.

7. (a) A welfare agency or two or more welfare agencies as the case may be, may submit a request for financial assistance, pursuant to these Rules, for the purpose of conducting a project, to the Minister together with a budget therefor.
- (b) Where a request contains information satisfactory to the Minister including a statement of the purpose or object of the project and details of the manner in which it is to be carried out and where the welfare agency has undertaken in respect of the project:
- i) to furnish to the Minister at the end of each fiscal year during which the project is in progress and at other times as may be required by the Minister, a report of the progress and development of the project;
  - ii) to maintain such records and accounts as are necessary and desirable in respect of all approved projects, and to permit and to afford to the Minister and his officers and agents every facility to inspect and examine all such records and accounts; and
  - iii) to refund to the Receiver General of Canada upon termination of the project, or at such earlier time after March 31 in any year in which a contribution to that project is made pursuant hereto as the Minister may on two months' notice require, any monies received in connection therewith in excess of the amount actually and properly expended thereon in accordance with the approved budget;

the Minister may, subject to these Rules and the availability of funds, approve the project and approve a federal contribution toward the project in an amount up to 50% of the approved budget in respect of projects submitted pursuant to Section 4 (a) above and up to 100% of the approved budget in respect of projects or other activities submitted under Section 4 (b), (c), (d), (e), (f), (g), (h) and (i) above.

- (c) Upon receipt of a statement in satisfactory form and content of the amount expended thereon, payment of a contribution or contributions may be made in respect thereof, provided that the Minister may upon request make progress payments based on a statement of expenditures and subject to audit at the completion of the project.
- (d) For purposes of projects approved pursuant to Section 4 (a) above, expenditures made by a municipality named in the project may be recognized as expenditures by the province (or in some proportion thereof, to be determined by the province) for matching purposes. The provincial department of welfare in submitting a claim for projects approved under such circumstances may direct that the federal reimbursement be paid directly to the municipality so named.

8. Notwithstanding Section 7 (c) above, where approval has been given by the Minister to a project, the Minister may in those cases where the project is being undertaken by a non-governmental welfare or other agency or organization and at the request of such an agency or organization, and upon receipt by him of information in form and substance satisfactory in his opinion to establish that the agency will be unable except with difficulty, to commence or continue the project so submitted and approved, unless assisted in advance by the provision of funds therefor, make a payment or payments to that agency in advance of expenditures being incurred by it, in such amount as in the opinion of the Minister will enable work under the project to commence or proceed.

9. The Minister may establish one or more committees to be constituted and to consist of such persons as he may from time to time designate, to consider applications submitted pursuant to Section 4 above, and matters relating thereto, and such committee or committees as may be appointed may recommend the disposition of such applications, or in the case of the administration of the scholarships and fellowships provided for above, select successful applicants and recommend the same to the Minister for approval.

10. Any resident of Canada may make application to the Minister within a period and in a form and content satisfactory to him for a scholarship or a fellowship referred to in these Rules, and all applicants for scholarships and fellowships shall be advised of the result of their applications; a resident of Canada who has demonstrated research ability of a high order and who is proposing to undertake independent research of significance to the social welfare field, may make application to the Minister for a senior fellowship for welfare research not leading to candidacy for an academic degree; and the amount of any such scholarships or fellowships approved by the Minister shall be paid to successful candidates upon satisfactory proof of enrollment and commencement of study, or upon satisfactory evidence of progress in respect of an independent research activity, prior to March 31 of the fiscal year in which the award was approved.

#### MENTAL RETARDATION RESEARCH AND DEMONSTRATION GRANT

11. (1) To the extent that the Treasury Board may approve these Rules as the terms and conditions under which funds may be made available under the provision in the Estimates for Health Grants and Welfare Grants for Research and Demonstration activities in the field of Mental Retardation, these Rules shall apply as the context may require.

(2) In respect of a welfare research activity or a welfare demonstration activity, a project may be submitted by a welfare agency or two or more welfare agencies jointly, as an application for a grant therefor.

(3) In respect of each project submitted pursuant to subsection (2) where the applicant accepts the conditions established in section 7 (b) above, the Minister may approve a project in an amount up to 100% of the approved budget.

(4) Upon the applicant furnishing to the Minister in respect of each approved project in form and content satisfactory to him a statement of the amount expended thereon by the applicant or by any welfare agency named in the project, payment may be made of the amount so expended subject to audit at the completion of the project.

(5) The Minister may refer to a committee to be constituted and to consist of such persons as he may from time to time designate, projects submitted under the Mental Retardation Research and Demonstration Grant; and such committee may recommend any such project to the Minister for approval.

that qualified veteran Jack Manford Minnis, self employed in a hardware business, has a son 9 years of age, a triple amputee, requiring considerable attention including transportation to and from school thereby necessitating that the residence of the veteran be in close proximity to his employment and the school to enable him to provide the extra care required as a result of his son's medical condition;

that there are no suitably located properties containing the minimum area as prescribed by said section 24 of the Veterans' Land Regulations; and

that, in the circumstances, it is considered that financial assistance ought to be provided on behalf of qualified veteran Jack Manford Minnis on a reduced area of land, in the same manner as if the veteran himself were disabled, as a result of which he could be eligible for settlement on a reduced area by virtue of paragraph (a) of subsection (2) of section 24 of the Veterans' Land Regulations.

- 2 -

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Veterans Affairs, is pleased to approve the establishment of qualified veteran Jack Manford Minnis on a parcel of land located in the Lambeth area of the Province of Ontario, containing an area less than the prescribed minimum of one-half of one acre.
